MEMORANDUM FOR BUREAU CHIEF PROCUREMENT OFFICERS

FROM: Corey M. Rindner, Director
Office of Procurement

SUBJECT: Expiration Date for OMB Control Numbers

Purpose: This PIM extends the expiration dates for OMB Control Numbers.

Effective Date: April 1, 2002

Expiration Date: March 31, 2005

Background: Since December 31, 2001, OMB has been granting the Department short-term (monthly) extensions on its request to extend the expiration dates for the Control Numbers listed below. OMB recently approved the expiration dates for the following OMB Control Numbers for a three-year period:

OMB Control Number 1505-0080, Contractor Submissions
OMB Control Number 1505-0081, Offeror Submissions
OMB Control Number 1505-0107, Protests

DTAR 1001.106 requires the inclusion of these numbers on the respective documentation. OMB Control Number 1505-0081 should appear on the upper right-hand corner of the face page of each solicitation, BPA, purchase order, etc. For contracts, delivery orders, modifications, etc., OMB Control Number 1505-0080 should appear. When agency-level protests are filed, and information is requested of contractors in order to effectively evaluate and provide prompt resolution of issues in dispute, OMB Control Number 1505-0170 should be used. Also, note that bureaus are no longer required to include the expiration date with the OMB Control Number.
